Current Academic Position		
Date	2018-today	
Occupation or position held	<ul style="list-style-type: none"> - Associate Professor, Department of Architecture, Built Environment and Construction Engineering (DABC) at Politecnico di Milano, (ICAR/15, Landscape Architecture) - Board Member of ABC-PhD, which is the multi-disciplinary Doctoral Program of the Department of Architecture, Built Environment and Construction Engineering, Politecnico di Milano (2018-2021) - Fellow Member of the Landscape Institute (UK) - Board Member of LE:NOTRE INSTITUTE 	
Main activities and responsibilities	<ul style="list-style-type: none"> - Teaching: <ul style="list-style-type: none"> a) A058038 - Final Design Studio - Teaching 058036 - Landscape Design withing the Bachelor at Architecture, 3rd year at Piacenza Campus in Politecnico di Milano. This course provides a complex and multidisciplinary planning experience, combined with the deepening of some specific issues at the center of the practice, culture and contemporary architectural debate. Through a design experimentation characterized in the different laboratories by the various topics and in-depth scale addressed, the common goal is to develop a synthesis project that combines the theoretical argumentation of the proposed theme with the applied activity based on the skills and know-how gained during the three-year educational path (2022-) b) 054412 – European Environmental and Landscape Politics and Projects within the MI (1187) Master of Landscape Architecture. Land Landscape Heritage at School of Architecture and Urbanism in Leonardo Campus. This course followed also by students from several Master Coursed in Politecnico as: MI (1195) Architecture - Built Environment Interiors, MI (1217) Architecture and Urban Design, MI (1017) Architecture - Building Architecture, MI (488) Civil Engineering, MI (1098) Urban Planning and Policy Design, MI (1094) Architectural Design, MI (1187) Landscape Architecture. Land Landscape Heritage. This course introduces various aspects of Environmental and Landscape policy in Europe while several project categories are going to be presented in order to make students familiar with the European Projects (2018-) <p style="text-align: right;">056098 - Architecture of Interiors Design Studio teaching 058036 - LANDSCAPE DESIGN</p>	

	<p>within the MI (1195) Architecture - Built Environment – Interiors at School of Architecture and Urbanism in Leonardo Campus. The laboratory deals with the architectural project from the point of view of the internal space. The Studio pays particular attention to the recovery of the existing and often fragile building and architectural heritage, interpreting the themes of contemporary living, from those of the residence to those of complex and multifunctional organisms for culture, museum systems and social life, up to those of the redevelopment and equipment of the open spaces. I am teaching in the studio 056101- Landscape Design. (2020-)</p> <p>c) 051356 - Final Workshop “Special Topics in Landscape” within the Master in Sustainable Architecture and Landscape Design at School of Architecture and Urbanism in Piacenza Campus at (Master of Science degree) (ord. 270) - PC (1085). This workshop is structured around introductory lectures, individual and group tutorials, private study and design work. Students develop design skills through self-directed learning, and through tutor supervision. Students will be expected to present their work to tutor and other students during mid and final review (2017-2020)</p> <p>d) 053238 - THEORIES OF ARCHITECTURE, CITY AND LANDSCAPE ” within the Master in Sustainable Architecture and Landscape Design at School of Architecture and Urbanism in Piacenza Campus at (Master of Science degree) (ord. 270) - PC (1085). This course aimed at the formation of the student's critical awareness on the main topics addressed by contemporary architectural research, with particular attention to the deepening of theoretical and critical contributions, methodologies and techniques of the architectural project and landscape design (2021-2022).</p>

-ABC PhD Board (2018-2021):

The main function as Board Member is to run ABC-PhD, to make decisions about relevant issues of the PhD candidates' carrier as well as to decide intermediate and final evaluations. The Board is also in charge of the organization of the teaching activities. As member of PhD Board individually serve as Supervisor and Tutors for PhD candidates. In addition, I organise Review sessions (Milestones) and I participate the End-of-Year evaluations, the Final Defences and the other Candidates' review activities.

As member of the PhD Board tutor of the following PhD Candidates (2018-2021):

- Li Kun with subject Methodological Principles for Traditional Villages' Conservation and Design Enhancement: The Case Study of Hancheng, China
- Costanza mondani with subject Agricultural landscape preservation for regenerating rural areas. Morphological approach on two comparative case studies: Pistoia Plain in Italy and Chengdu Plain in China.
- Zhao dongqi with subject Defining historic landscape urbanism as a tool for waterscape regeneration in Tianjin along the Grand Canal
- Olga Rosignoli with subject Geomatics: Innovative Tools for Heritage Conservation with HBIM Approaches
- Miao Siqu with subject Urban canal space (UCS) as public space for public life: assessment and design strategy

- PhD supervisor (6 PhDs):

- Roula Hasbini (2019-2024) *Green Solutions for Building Envelopes*
- Maria Stella Lux (2020- 2024) *The green infrastructure network inside the Cultural Heritage urban areas to cope with Climate Change*
- Ozge Ogut (2020- 2024) *Urban Green and Blue Infrastructures to mitigate the impact of a Pandemic Crisis*
- Giovanni Barbotti (2021-) *Green Envelope Technology: Design and Optimization Against Climate Change Effects*
- Quying Wang (2021- 2023) *Research on the reconstruction and optimization of urban open and green spaces in the Post-Covid City: Wuhan and Milan*
- Stavroula Pagona Kopelia (2023-) *Designing Green Infrastructure Networks for Urban Resilience*

- Master Theses supervisor (total 60 thesis):

- Master of Sustainable Architecture and Landscape Design: 34 theses
- Master of Landscape Architecture. Land Landscape Heritage: 16 theses
- Master of Architectural Design and History: 4 theses
- Master of Urban Planning and Policy Design: 2 thesis
- Master of Architecture - Built Environment – Interiors: 2 thesis
- Master of Architecture and Urban Design: 2 thesis

- Co-supervisor for PhD Candidates in Foreign Universities

- Kent University at the invitation of Prof. Marialena Nikolopoulou, Deputy Head of School, Kent School of Architecture & Planning, for the candidate Angeliki Sivitanidou (2016-)

- External member of commissions for PhD Final Exams in Foreign Universities:

- Aristotle University of Thessaloniki, Architecture Department, supervisor prof. Vana Tentokalli for the candidate Evanthia Dova (2018)
- Democritus University of Thrace, Architecture Department, supervisor Prof. Nikos Liannos for the candidate Eleni Antonara (2019)
- Thessaly University of Greece, Urban Gardening and Food Culture in the Modern City of Volos, supervisor Zissis Kotionis for the candidate Thalia Marou (2023)

Other Academic Experience	
Dates	2012 -2022
Occupation or position held	Associate Professor, Head of the Department of Architecture, Land and Environmental Sciences and Member of the Academic Senate (2014-2018), Director of European and Research Projects (2012-2014), Coordinate and Teaching of the Master in Landscape Architecture (2014-2022) at Neapolis University of Pafos, Cyprus
Main activities and responsibilities	<p>- Teaching:</p> <p>Within the Master of Landscape Architecture:</p> <ul style="list-style-type: none"> o Landscape Architecture Studio I (Residential Landscape design, 1st semester), o Plant Characteristics and Ecology (Mediterranean plants, plants suitable for soil erosion, seafront areas, air and soil pollution, 1st semester), o Mediterranean Sustainable Environmental Design (Bioclimatic Design of Open Spaces and how the microclimate can improve with the use of plants and water, 1st semester), o Landscape Architecture Studio II (Design of Green Open Urban Spaces, 2nd semester) o Planting Design for Climate Change (2nd semester) o Landscape Architecture Studio III(Landscape Restoration, 3rd semester), o History of Landscape Architecture, Contemporary Landscape Architecture. o Organized the International Workshop in Landscape Architecture (4th semester) <p>Within the Architecture Bachelor Program:</p> <ul style="list-style-type: none"> o Special Architecture Studio, o History in Landscape Architecture and o Landscape Architecture Studio <p>Within the Real Estate Bachelor Program:</p> <ul style="list-style-type: none"> o Sustainable Development <p>- Master Thesis supervisor: Supervised 40 Master Thesis within the Master of Landscape Architecture and 1 Master Thesis within the Master of Real Estate.</p> <p>Other initiatives and responsibilities:</p> <ul style="list-style-type: none"> - Lead the Department of Architecture, Land and Environment at both strategic and management level. Coordination of the staff of the Department - Responsible for the Bachelor of Architecture and the Master of Landscape Architecture Program. Interviewing the foreign students who are attending the courses, mainly coming from Russia, China, and Middle East and North African countries in order to understand their background and support them during the integration phase within our educational system. - Develop, communicate and implement a strategy for the Department. - Lead several research programs inside the Department, as EC projects expert. - Motivate student teams in a European, multicultural and multilingual environment. - Coordinate the financial and human resources management of the Department. - Organise education and training seminars to the open public (e.g. World Environment day, European Day of Parks) - Communicate to the public and cooperate with various stakeholders (National and Local Authorities, international organisations.) during the preparation of the training courses. <p>During these years:</p> <ul style="list-style-type: none"> - I collaborated as Head of the Department in several Design and Communication projects concerning PAFOS 2017 European Capital of Culture while the Architecture Department has participated during the bid and I am the focal point from Neapolis University from the University Network of European Capitals of Culture (UNeECC) - I organised the International Conference of the European Schools of Landscape Architects called 5th LE: NOTRE FORUM from 16-20 March 2016 (with 4 different training workshops were held, speeches from the key-note speakers and an International Student Competition). - I was also member of scientific committee at IFLA World Congress 2016 in Torino and member of the Organising Committee at 6th LE: NOTRE FORUM that will be held on 16th-20th May 2017 at Freising-Weihestephan, Germany - I have participated and presented papers at several International and European Conferences as IFLA World Congress 2016 in Torino, IFLA World Congress 2015 in Saint Petersburg, ECLAS

	<p>2015 Conference in Tartu, Estonia, LE: NOTRE FORUM 2015 in Romania</p> <p>- I collaborated with Forestry Department of the Ministry of Agriculture, Rural Development and Environment of Cyprus in 2017 when I gave 40 hours seminar in the field of Forest Landscape Architecture. The seminar took place in November 2017 at the Forest College Facilities in Prodromos, Limassol.</p>
Name and address of employer	Neapolis University, Danaes Avenue 2, 8042, Pafos, Cyprus. www.nup.ac.cy
Type of business or sector	Education and Research
Dates	2016-18
Occupation or position held	Visiting Professor at Architecture and Urban Studies Department of Politecnico di Milano
Main activities and responsibilities	Teaching "Special Topics in Landscape" within the Master in Sustainable Architecture and Landscape Design at School of Architecture and Urbanism in Piacenza Campus.
Name and address of employer	Politecnico di Milano, Piazza L. da Vinci 32, 20133 Milano, Italy www.polimi.it
Type of business or sector	Education and Research
Dates	2016-18
Occupation or position held	Visiting Professor at the School of Geotechnical Sciences and Environmental Management of Cyprus University of Technology
Main activities and responsibilities	Teaching "Arboriculture and Landscape Architecture" at the Department of Department of Agricultural Sciences, Biotechnology and Food Science within the Bachelor course The main role of the course is to introduce plants at urban, coastal and rural environment, which is easily resist to all kinds of pollutants (air and soil), thereby improving human living conditions. For instance, introduce vegetation that can adjust on Mediterranean microclimatic conditions, clean up air pollutants, improve the soil, reduce dust, dampen noise, and maintain ecological balance as well as serve aesthetic and educational purposes. Generally, it is taught the type, for example, forests, grasses, and/or wetlands and their characteristics.

Professional Work experience	
Dates	01/09/2009 – 2012
Occupation or position held	Executive staff in Ministry of Environment, Energy and Climate Change National Contact Point LIFE+ European Project, Ministry of Environment Energy and Climate Change
Main activities and responsibilities	<p>Coordinate LIFE+ national projects, check all the proposals in terms of typical submission and evaluate them, review all the proposals in terms of National and European Priorities and refer to LIFE+ UNIT DG ENVIRONMENT, participation in LIFE+ Evaluation procedure for electing the Best of the Best projects 2010 , panelist at National Information Session and main speaker to the session, pointing out the importance of the innovation projects and their evaluation (BEST OF THE BEST project) .</p> <p>With the regard to the Environment and biodiversity branch of LIFE+: Act as advisor through separate meetings with the applicants, workshops where demonstrate the best projects and complete a prototype application, the innovative existing projects, the importance of innovation projects.</p> <p>With the regard to the Nature and the Information and Communication branch of LIFE+: contribute to the development of EU-level policy instruments related to forestry (e.g. forest conservation, protected species, forest fires, forest protection) and in particular the review of the EU landscape strategy, and instruments related to landscape monitoring and information. Develop ongoing research in LIFE+ projects and manage research projects and develop innovative experience.</p> <p>Participate in Training Courses, Workshops, Informative Meetings, Annual Meetings and vote for the final decision of the LIFE+ Projects as Representative from the Greek Ministry.</p> <p>All these events were organized by DG Environment, several of them were held at the European Parliament and there was the participation or representatives from all the European Countries.</p> <p>Invited Panelist at the Conference LIFE ENVIRONMENT: 20 Years of Practical Solution to Environmental Challenges, held in Brussels on May 25 and 26, 2011</p>
Name and address of employer	Ministry of Environment, Energy and Climate Change, http://www.ypeka.gr/?locale=en-US
Type of business or sector	Public Sector
Dates	2011 - 2012
Occupation or position held	Executive staff in Ministry of Environment, Energy and Climate Change (YPEKA) at "Green Funds": The establishment of the Green Fund (Law 3889/2010) in 2010 allowed a wide distribution of funds (coming from environmental taxes, fees etc.) to targeted actions dealing with environmental protection in which resource efficiency policies proclaimed by YPEKA (including resource efficiency measures) played (and is still playing) an important role for priority funding.
Main activities and responsibilities	<p>To check and to supervise actions and costs:</p> <ul style="list-style-type: none"> - to improve urban environment through parks and refurbishing buildings, - to prevent forest fires. - to improve buildings in rundown inner city residential districts, deteriorating former industrial zones within cities and districts suffering from social, economic or environmental degradation (Through "Urban Regeneration" programme) - to create open spaces within cities, compensating owners for real estate to be converted into public land. - to support protected areas such as national parks, forests and lakes.
Name and address of employer	Ministry of Environment, Energy and Climate Change, Green Funds, http://www.prasinotameio.gr/index.php/en/
Type of business or sector	Public Sector
Dates	2009-2011

Occupation or position held	<p>General Project Manager at the Environmental Awareness Park Organization of Antonis Tritsis, the largest urban park in Greece (120 Ha) Executive staff in Ministry of Environment, Energy and Climate Change (More info also at: https://www.hellenicparliament.gr/UserFiles/67715b2c-ec81-4f0c-ad6a-476a34d732bd/7411718.pdf)</p>
Main activities and responsibilities	<p>Coordinate the the development and management of the Park, provide the detailed design of several parts of the park according to the initial Landscaping design and supervise the construction of the infrastructure works in Tritsis Park concerning the recycling of the water and the irrigation. This work has been funded by Latsis Foundation and by Green Funds and has been successfully implemented on 2011.</p> <p>The Park is the largest park in the urban fabric of Athens (120Ha) where I was the legal representative and I leaded the organisation, at both strategic and management level. The existence of the liquid component in a large area of the Park, both in the form of six artificial lakes and a canal, its rich flora and fauna (182 bird species) make this a truly rare treasure of natural beauty.</p> <p>Among other activities, one main responsibility was the policy development. Some examples of organising activities are the followings:</p> <ul style="list-style-type: none"> - Organise Symposiums (1st Int.I Sculptural Symp.), - Organise Workshops (Int. workshop - Urban Futures: Architectural Univ. Paris – Malaquais, Civil Engineer School, Univ. of Duisburg – Essen, Town Planning Univ. of Dortmund, Architectural Department of Univ. of Athens: 12-19 Nov. 2011), - Organise Cultural /Environmental Events, Seminars and Training Courses (Movement of Volunteer of Parks), Conferences in Urban Agriculture: https://www.newsbeast.gr/environment/arthro/244821/ekdilosi-gia-tin-astiki-georgia-sto-parko-tritsi, about Antonis Tritsis (http://globalsustain.org/files/programma_edra_a.tritsis.pdf and http://www.topontiki.gr/article/18955/ekdilosi-afieroma-ston-antoni-tritsi) etc - Coordinate projects: INTERREG IVC (Periurban), MEDDOC (Greenlink), CULTURE (GAD project) activities& future plans of the design and management - Coordinate the Volunteer Network of the Park where our Organization is participating and the NGO that are active to the Park.(More info: http://oikonikipragmatikotita.blogspot.com/2010/12/blog-post.html) - Organise upgraded works at the park through innovative projects (e.g. adoption of bike - draizines as new transportation, install new method of recycling water from the lakes, find new methods for improving the water quality of the lakes), propose LIFE+project and collaborate with research institutes, universities - Contribute to the dissemination of information on sustainability issues (e.g. visitor briefings, contact with stakeholders, drafting press releases, sponsors documentation) - Establish contacts with European institutions, civil society organizations (e.g.the Park became member of FEDENATUR - European Association of Periurban Parks). - Develop effective communication processes and record keeping and budgets - Help the staff define and achieve clear goals and targets and achieve high standards and meet deadlines. - Train environmental and landscape architect students from several landscape architecture as well as architecture schools over Europe (e.g. Athens, Kavala, Landscape Architecture school of Versailles as Ecole Nationale Supérieure du Paysage de Versailles, Architectural Dept) and challenge their enthusiasm. - Communicate successfully to the public and cooperate with various stakeholders (European, International, National and Local Authorities, international organisations, social partners, etc.) since the park belonged to three different Municipalities - Newspapers articles wrote about the achievements that have been done in this period in Tritsis Park as: Vima with title one field for all the Athenians (Ένα περιβόλι για όλους τους Αθηναίους: https://www.tovima.gr/2011/10/24/society/ena-periboli-sto-parko-tritsi-gia-oloy-s-toys-athinaioys/), the journal ECOTEC with Title Environmental Refuge (Περιβαλλοντικό Καταφύγιο: http://www.ecotec.gr/article.php?ID=260), Real with title “Blouming again Parko Tritsis” (Ανθίζει ξανά το Πάρκο Τρίτση: https://www.real.gr/archive_planet/arthro/anthizei_ksana_to_parko_tritsi-404796/), Eleftherotyria with the title: 16.646 the Parko Tritsi’s friends (16.646 οι φίλοι του Πάρκου Τρίτση: http://www.enet.gr/?i=news.el.article&id=278355) - Quen.gr with the title Where we can go for pick nic (Που θα πάμε για πίκ νικ: https://www.queen.gr/life/story/14860/poy-tha-pame-gia-pik-nik)

Name and address of employer	Ministry of Environment, Energy and Climate Change, Environmental Awareness Park Organization of Antonis Tritsis, http://www.ornithologiki.gr/page_cn.php?aID=362
Type of business or sector	Public and Private sector
Dates	2005-2009
Occupation or position held	Executive staff in Ministry of Environmental Planning and Public Works
Main activities and responsibilities	<ul style="list-style-type: none"> - National Contact of the European Projects: ECOLABEL - Ecological Analysis and conservation of riparian and coastal areas: Delta of Nestos Lake, Proposal Design of the surrounded areas of the Environmental Centre of Porto Lagos Lagoon, Delta Evros, Axios Loudias Aliakmonas wetland area - Landscape Management Study of protected areas: Delta of Nestos - Participation as landscape consultant at EC several projects: Greenlink with Zografos Municipality, Progressdec with Agios. Pavlos Municipality, ECOSLOPES, ENVIRONMENT - Landscape Design in Public Buildings: Landscape Design and Green Roof Proposal Design of Ministry of Press and Communication of Greece, Landscape Design of Prefecture Building in Northern Greece - Implementation of specifications of designing open spaces for sustainable cities in co-operation with local and other authorities - Monitoring and participating in initiative meetings with local authorities, other ministries and environmental organizations (NGO's) for several urban projects (before and during the designs and construction stages).
Name and address of employer	Ministry for the Environment, Physical Planning and Public Works of Greece, https://en.wikipedia.org/wiki/Ministry_for_the_Environment,_Physical_Planning_and_Public_Works https://www.olympic.org/athens-2004
Type of business or sector	Public sector
Dates	2000-2005
Occupation or position held	Executive staff in Ministry of Environmental Planning and Public Works in collaboration with ATHENS 2004 Organising Committee of Olympic Games
Main activities and responsibilities	<p>Design Urban Open Spaces of the "OLYMPIC Interventions Programme" and supervise the contractor and sub-contractors for the construction of the works with total budget approximately 25 million Euros. I was responsible for the coordination of the design team and of the design review from the pre planning to the detailed design stage.</p> <p>The "OLYMPIC Interventions Programme" includes parks and open spaces in Athens for the Olympic preparation. The Main Projects that I personally landscape designed and supervised were:</p> <ul style="list-style-type: none"> - Surrounding area of Peace and Friendship Stadium, - Contemporary Marathon Route, - Landscape Design of National Garden, - Pedion Areos Park, - Historical Garden of Zappeion Megaron, - Exarchia square, - Kolonaki square, - surrounded area of whistle House, - Coastal Junction of Kifissos and Poseidonos Avenue - Park in Coastal Area of Elliniko Municipality, - Park in the Coastal Area Glyfada Municipality, - Restoration of Quarry sites, - Road –ways (Quarries in Attica)

From 2009 to 2011 National Focal Point of LIFE+ projects as well as Director of the largest park in Greece as Environmental Awareness Park of Antonis Tritsis supporting public and private organizations access to EU programs for urban development and planning.</p> <p>9. Maintain professional relations with over 20 entities, cities and organizations from different European Member States.</p> <p>10. Organise several Conferences, workshops and Symposiums at Neapolis University of Pafos, the Technological Educational Institute, as National Contact Point of LIFE+ (meetings, Information Session) and as Director of Environmental Awareness Park of Antonis Tritsis and at the experience at the European Projects</p> <p>11. Leadership : (a) responsible for the staff and the organisation of the Department as Head of the Department of Architecture, Land and Environmental Science, (b) responsible for a team of 15 people as head of the department in EGNATIA ODOS A.E, through supervising several teams of landscape designs, (c) Leader of the designing and supervising several teams of Landscape Design and Contractors and Sub-Contractors at the Ministry for the Environment, Spatial Planning & Public Works, (d) supervising around 60 thesis at the Hellenic Open University and (e) being Vice President of Pan-Hellenic Association of Landscape Architects since 2004;</p> <p>12. Sense of organisation: (a) by working as Head of the Department of Department of Architecture, Land and Environmental Science (b) by working and organizing several design projects in several Municipalities and organizing EC projects c) by working with different groups in EGNATIA ODOS A.E. Company, (d) monitoring group of local authorities in the Ministry for the Environment, Spatial Planning & Public Works, (e) experiencing in tutoring and supervising at the Hellenic Open University and Aristotle University;</p> <p>13. Experience in project or team management: (a) working and attending seminars on project management at EGNATIA ODOS A.E. Company, (b) working in Research projects at the University, (c) working in EC research and through team work (d) at the Ministry of Environment Ministry for Environment, Spatial Planning & Public Works by supervising designers and contractors and finally publishing papers at several journals and International Conferences as team work, (e) Design and supervise the Landscape Projects at of Environmental Awareness Park of Antonis Tritsis</p> <p>14. 5 years' experience, as Head of the Department of Architecture, Land and Environment of the Neapolis University of Pafos (Cyprus) at both strategic and management level where I have the coordination of the staff of the Department, and I am Responsible for the Bachelor and the Master Program</p> <p>15. Such skills and competences define a distinguished leadership profile, organization capacity of working groups and partnerships, together with project management and team coordination strong experience.</p>
	<p>Very good command of quality control processes as: (a) director of Environmental Awareness Park of Antonis Tritsis and National Contact Point of LIFE+, (b) head of</p>

<p>Technical skills and competences</p>	<p>department in EGNATIA ODOS A.E. , (c) responsible for several research from the University, (d) designer & supervisor construction projects in the Ministry of the Environment and in the University (e) as consultant and head of the Landscape Projects in Athens 2004 Organization and (f) Vice-President of Pan-Hellenic Society of Landscape Architects, (g) exchanged experience at the European Projects. Distinguished combination between landscape architecture, environmental design, heritage management, environmental planning and EC projects performances, referred to analysis, basic line audits and dossiers, integrated approach and project cycle management, facilitating process for decision sharing and citizen's participation, monitoring, quality control performances and decision makers support and assistance in policy and decision making.</p>
<p>Computer skills and competences</p>	<p>Regular use of computers and web, using all available software, for communication, righting, design, editing, calculation, graphics (Microsoft Office™ tools: Word™, Excel™ and PowerPoint™, Design tools: Adobe Illustrator™, Photoshop™, AutoCAD, GIS). Office complete equipment for ADSL internet, local computer network, video conferences, fax, copying, scanner, printing, digital photograph, digital registration.</p>
<p>Artistic skills and competences</p>	<p>Design and construction of individual gardens, outdoor complexes, special landscapes, public spaces and urban sustainable mobility networks, brown fields regeneration, urban landscape development, landscape planning, heritage management, environmental and green spaces design, strategic landscape development planning, action and business plans, feasibility studies. Organization of conferences, seminars, professional training, exhibitions, competitions, awards, writing and editing of publications, web sites, communication strategies and plans.</p>
<p>Other skills and competences</p>	<p>Archaeology, Organise Volunteer activities through Environmental teams, walking and cycling in Parks and Forests</p>
<p>Driving licence</p>	<p>European driving licence Category B</p>
<p>Additional information</p>	<p>Finally, have published several articles in International and National Journals as well as have present and publish proceedings at International and National Conferences. More Analytical:</p> <p>28 papers International Journals (blind peer reviewed by at least two referees) 3 papers National Journals (blind peer reviewed by at least two referees) 66 papers in Proceedings of International Congresses and Conferences (blind peer reviewed by at least two referees) 18 papers in National Conferences (blind peer reviewed by at least two referees) 11 chapters in books 3 books editor 4 books 651 Citations</p> <p>Participated to and coordinated: 21 EU Programs 19 Non EU National and International Research Programmes</p> <p>Achieved: 8 prizes and special mention in Architectural and other competitions</p> <p>It is mentioned that Annexes follow the above as: 1. EU projects, 2. Non EU National and International Research Programmes, 3. Other main designs and projects, 4. International publications.</p>

Participation in Scientific and Organising Committee of Scientific Conferences

- Elected as member of Steering Committee της FLORIADE EXPO 2022
- Member of organising committee at 9th LE:NOTRE Landscape Forum 2020, full day online event Bratislava, Slovakia, 22nd of April 2020, contributed with the preparation and organisation of the thematic working group Sustainable urban growth and green infrastructure and participated in the online LE:NOTRE Landscape Forum 2020
- Member of the Organising the 7th LE: NOTRE FORUM (the FORUM from the Landscape Architecture Schools in Europe) at Malta University May 2018
- Participation as Member of the International Steering committee at the for the 53rd International IFLA (International Federation of Landscape Architects) Congress, with title tasting the Landscape, Turin 20-22 April 2016.
- Organise the 6th LE: NOTRE FORUM (the FORUM from the Landscape Architecture Schools in Europe) at Neapolis University of PAFOS at 16-20 March 2016
- Participation at the International Scientific Committee IRLA 2014, International Symposium, 26-28 November 2014 Patras, Greece with title «The effects of irrigation and drainage on rural and urban landscapes».
- Participation at the International **Scientific Committee RSCY2014- the Second International Conference on Remote Sensing and Geoinformation of Environment**, Coral Beach Hotel and Resorts, Paphos, April 7-10, 2014,
- **Organising the 1st the International Wood Sculptural Symposium** at Environmental Awareness Park of Antonis Tritsis, 2010
http://www.athens24.com/news-article.html?news_id=189
- **Cordinator of the International Conference** : CONGRESS OF LANDSCAPE ARCHITECTURE & URBAN ENVIRONMENT, Drama 12-17 April 2010
<http://la.teikav.edu.gr/blogs/blog1.php/2010/02/18/ws2010gr>
- **Organiser of four (4) totally workshop (1st, 2nd, 3rd and 4th Landscape Workshop) at the Department of Landscape Architecture of Technological Educational Institute where invited professors, tutors and external examiners** from other Universities and and the Local Government other European Countries as followed:1^o workshop May 2006: Urban and stream restoration, 2nd workshop May 2007: Reformation of the surroundings of a public building, 3rd workshop, May 2008: Quarry restoration και 4th workshop May 2009: Greenroofs (in collaboration with the Technical University of Istanbul)
- **Co-Chairman** at 1st WSEAS International Conference on LANDSCAPE ARCHITECTURE (LA '08) Algarve, Portugal, June 11-13, 2008
- **Member of the Scientific Committee** Mediterranean Seminar "Respecting Nature and Environment in Urban Extensions" Florence 30 May 2008
- **Co- chairman** of International Conference:1st WSEAS International Conference on LANDSCAPE ARCHITECTURE (LA' 08) where has been organised by University of UAI University of Algarve, Portugal at 11-13 June 2008,
<http://www.wseas.org/conferences/2008/portugal/la/index.html>
- Participation at the scientific and organising committee and chairman of the scientific Symposium ' Protection and Promotion of the Greek and Mediterranean Landscape' where organised in Cephalonia at 26-28 October 2007 the Foundation of Cephalonia and Ithaca (IKI) and the Department of Engineering Planning and Regional Development at University of Thessaly
www.kefalonias.net.gr/upload/el/reporto/Files/schedule_sumposio_2007.doc
- **Co- chairman and participation at the Organising** "Athens 2006 International Landscape Architecture Symposium: The European Experience, Friday 15th September, 2006 <http://www.landscape2006.com/> (have been invited all the European Partners)
- **Organiser of the Workshop** of the 3rd WSEAS International Conference on ENVIRONMENT, ECOSYSTEMS and DEVELOPMENT (EED'05) WSEAS Conferences, Venice, Italy, November 2-4, 2005, Venice, Italy, 2005, 7 S. <http://worldses.org/indexes/>
- **Editor-in-Chief** at several issues at the International Journal WSEAS Transactions on Environment and Development (2005)
- **Member of the Scientific Committee** International Conference Green Brownfield II International Partnerships from Cleanup to Redevelopment June 15 – 19, 2003
<http://www.engconfintl.org/pastconf/3azfin.pdf#search=%22Julia%20Georgi%20LANDSCAPE%22>

- **Chairman at the International Conference** "Protection and Restoration of the Environment VI" 1-5 July 2002, Skiathos Island, Greece and at International Conference of IUFRO on Eco-engineering "The use of vegetation to improve slope stability" Thessaloniki September 13-17, 2004.

Invited / Key Note Speaker

- Natural Based Solutions in Urban Areas and social distances as an effect of coronavirus SPAD'20 International Spatial Planning and Design Symposium Future of Planning and Design, Planning and Design of Future November, 13-15, 2020 | Izmir Democracy University
- CIMEE20, 3rd International Symposium on Materials Electrochemistry and Environment, On Green Concrete, CIMEE'20, September 17 – 19, 2020, Lebanon, book of abstract, pp 56

Coordinator is FORTH (EL) and other Partners IST-ID ASSOCIACAO DO INSTITUTO SUPERIOR TECNICO PARA A INVESTIGACAO E O DESENVOLVIMENTO (PT), GEOSYSTEMS HELLAS (EL), J&G ENGINEERING & ARCHITECTURE LTD (CY), UNIVERSITEIT GENT (BE), UNIVERSIDAD DE SEVILLA (ES), GEOUNIVERSITY OU (ES), UNIVERSITA DEGLI STUDI DI ROMA LA SAPIENZA (IT), HELLENIC SOCIETY FOR THE PROTECTION OF NATURE (EL), EUROPEAN ASSOCIATION OF REMOTE SENSING COMPANIES (BE), UNIVERSITY OF CRETE (EL).
3. **GREENVESTS-GREEN VERTICAL STEEL WALL DESIGN (1.07.2023-31.12.2027)** under the call RESEARCH FUND FOR COAL AND STEEL, E.C. The Main Scope Of The Project is the Formulation of Design Guidelines Regarding Seismic, Wind And Durability-Corrosion Design Of Green Walls. FINCON ITALIA is the coordinator of the project where the other partners are J&G (CY), Italmesh (IT), RWTH Aachen University (DE), National Technical University of Athens (EL), AM (ES), ECCS (BE), FSC (IT), CSM (IT), RINA-C (IT), HILTI (IT).
4. **HARMONIA-Urban areas to cope with Climate Change and Extreme Events based on GEOSS and Advanced Modelling Tools” as Coordinator of the EU project ad Investigator for POLITECNICO di MILANO (POLIMI) (01/06/2021 until 01/02/2025)** within HORIZON 2020-LC-CLA-2018-2019-2020. HARMONIA will leverage existing tools, services and novel technologies to deliver an integrated resilience assessment platform working on top of GEOSS, seeing the current lack of a dedicated process of understanding and quantifying Climate Change (CC) effects on urban areas using Satellite and auxiliary data available on GEOSS, DIAS, urban TEP, GEP etc. platforms. HARMONIA will focus on a solution for climate applications supporting adaptation and mitigation measures of the Paris Agreement. Other partners exopt POLIMI: INSTITUTE OF COMMUNICATION AND COMPUTER SYSTEMS(EL), RESILIENCE GUARD GMBH (CH), GEOSYSTEMS HELLAS IT KAI EFARMOGESGEOPLIROFORIAKON SYSTIMATON ANONIMIETAIREIA (EL), CREOTECH INSTRUMENTS SPOLKA AKCYJNA (PL), UNIVERSITATEA DE VEST DIN TIMISOARA (RO), KUNGLIGA TEKNISKA HOEGSKOLAN (SE), ISTITUTO NAZIONALE DI GEOFISICA E VULCANOLOGIA (IT), Foundation of Technology and Research (EL), URBASOFIA SRL (RO), AGENCY FOR SUSTAINABLE DEVELOPMENT AND EUROINTEGRATION – ECOREGIONS (BG), ILMATIETEEEN LAITOS (FI), ASSIMILA LTD (UK), EUROPEAN ASSOCIATION OF REMOTE SENSING COMPANIES (BE), HUMANITAS MIRASOLE SPA (IT), EURONET CONSULTING (BE), Commune d'Ixelles (BE), COMUNE DI MILANO (IT), STOLICHNA OBSHTINA (BG), PIRAEUS MUNICIPALITI (EL), Data Ready Limited (UK).
5. **CLEVER Cities Milano** has launched an Urban Innovation Partnership (UIP), an alliance of

all those who will support us in achieving our goals. CLEVER Nerantzia Tzortzi is among the Cities Milan Allies that have joined the alliance. (Horizon 2020 innovation action programme under grant agreement No 776604.) <https://milanoclever.net/contribuisci/gli-alleati/>

6. **euPOLIS - Integrated NBS Urban Planning Methodology for Enhancing the Health and Well-Being of Citizens: The euPOLIS Approach** (1/09/2020 until 31/08/2024) within H2020-EU.3.5.2., under grant agreement No 869448, with coordinator NTUA and partners Imperial College London, MIKSER, University of Warsaw, Vertical Farming Institute, CDP Europe, University of Belgrade, GeoSystems, RiSA, Resilience Guard, BioAssist, Plegma Labs, Amphi International ApS, Biopolus, European Regional Centre for Ecohydrology, Sentio Labs, EnPlus, BYSPEKTRUM, City of Belgrade, City of Lodz, City of Piraeus, Gladsaxe Municipality, City of Limassol, City of Palermo, City of Trebinje, Universidad de los Andes (Colombian Partner), Empresa de Renovación y Desarrollo Urbano de Bogotá (Colombian Partner), Fengxi New City Development (Chinese Partner). Project Manager of Piraeus municipality.
7. **YADES — ‘Improved Resilience and Sustainable Reconstruction of Cultural Heritage Areas to cope with Climate Change and Other Hazards based on Innovative Algorithms and Modelling Tools’** within HORIZON 2020-MSCA-RISE- under the Marie Skłodowska-Curie grant agreement No 872931 YADES (2020-2024) aims to efficiently train a network of fellows on the field of the resilience of Cultural Heritage (CH) areas and historic cities against Climate Change (CC) and other types of hazards. Coordinator National Technical University of Athens (EL)– NTUA, other partners UAB METIS BALTIC, METBALTIC (LT), RESILIENCE GUARD GMBH-RG (CH), ENVIRONMENTAL RELIABILITY AND RISK ANALYSIS -ERRA (EL), GEOMATICS (CY) LIMITED – GMCY (GR), Aristotle University Thessaloniki (GR), Technological University of Cyprus – CUT (CY), RED SPA (IT), Politecnico di Milano (IT), ILMATIETEEN LAITOS-FMI (FI). Principle investigator for Politecnico di Milano.
8. **EuPOLIS Integrated NBS-based Urban Planning Methodology for Enhancing the Health and Well-being of Citizens: the euPOLIS Approach**, Horizon 2020 Research & Innovation programme H2020-EU.3.5.2., under grant agreement No 869448, Co-ordinator: Technical University of Athens, 28 partners. External expertise.
9. **HOME “Heritage Opportunities/threats within Mega-Events in Europe: Changing environments, new challenges and possible solutions for preservation in mega-events embedded in heritage-rich European cities”**(2018-21) within JPH (HORIZON 2020) with Lead Partner Politecnico di Milano and partners Hall University, Neapolis University of Pafos and International Cultural Centre. The research explores for the first time the relationships between the planning and implementation of mega-events and cultural heritage in European cities.
10. **proGInreg — ‘Productive Green Infrastructure for Post-industrial Urban Regeneration’ within HORIZON 2020 (2018-2021)** is focuses on developing and testing new Nature Based Solution (NBS)-oriented economies shared between public authorities, civil societies and industry / SMEs. Leveraging on the potential of Green Infrastructure (GI) as a driver for the creation of new ecosystems in cities, proGInreg will demonstrate the integration of a number of 8 NBS into business models which will be economically self-sustaining, and which will provide multiple benefits for the economic, ecological and social regeneration of deprived urban areas suffering from the consequences of de-industrialization. The NBS will be tested within 3 Front-Runner Cities (FRC) (Dortmund, Turin, Zagreb) will create Living Labs, while another 4 European Follower Cities (FC) (Prague, Piraeus, Cluj-Napoca, Zenica) and one in China (Ningbo) will be supported to develop their strategies for embedding nature-based innovation at local level, through participatory processes. There are participating 30 different participants with Coordinator University of Aachen. Principle investigator for Piraeus City and KEAN.
11. **EnRoute — ‘Enhancing Resilience of Urban Ecosystems through Green Infrastructure’ within HORIZON 2020 (2016-17)** is a project of the Joint Research Centre of the European Commission which will test the MAES indicator framework in different cities across Europe with a view to better understand how knowledge of the structure and functions of urban Green Infrastructures can be used in policy. Principal investigator with Limassol Municipality, Cyprus.

12. **'ECO-CEMENT— 'New microbial carbonate precipitation technology for the production of high strength, economic and ecological cement' within Programme FP7 (7th Framework Programme)**, with the participation of Gruppo essentium, Madrid-ES, Fraunhofer-Gesellschaft zur Foerderung der Angewandten Forschung E.V., Munchen-DE, Solintel M& P SL, Nuevo de Jerez, Spain-ES, Consiglio Nazionale Delle Ricerche, Roma-IT, University of Neapolis, Pafos-CY, Delap & Waller Ecoco Limited, Dublin, IR (2012-15). Project financed from the European Commission. Local Co-ordinator for the Neapolis University and project management. The aim was the production of a special ecological construction material.
13. **MYCOT.I.CO.N (MYCOTa Intereuropean Cooperation Network) – The recognition and sustainable exploitation of wild edible mushrooms in rural areas the Ecotourism and rural tourism, focusing in Myko-tourismo** within or Lifelong Learning Leonardo Da Vinci (Lifelong Learning Programme-Leonardo da vinci-transfer of innovation). Participants School of Economics and Management of TEI Thessaly (Presently Thessaly University, Coordinator), Agricultural University of Athens, University of Palermo, Institute of Biodiversity Sofia, Bulgarian Academy of Sciences, KEK Aegean, Neapolis University of Pafos, Cyprus. Principal investigator for Neapolis University.
14. **PERIURBAN Parks — 'management of the periurban parks and rural areas' within Programme INTERREG IVC project** with participation from 14 partners from 11 different countries (2009-2013) as Regional Government of Tuscany-IT, Project Coordinator, FEDENATUR, European Federation Natural & Rural, Metropolitan & Periurban spaces, Aberdeen City Council-GB, Vitosha Nature Park Directorate-BG, The City of Košice -SV, Regional Government of Lombardy-IT, Danube-Ipoly National Park Directorate, Lille Metropolitan Natural Space Office-FR, Czech University of Life Sciences Prague-CS, Regional Government of Andalusia-ES, General Counsel of Seine-Saint-Denis-FR, Metropolitan Association of Upper Silesia-PL, Lisbon Municipality-PT, Larnaca District Development Agency-CY. (2009-2013) Project financed from the European Commission. Local Co-ordinators for Larnaca District Development Agency and project management where I have design a new park at a Coastal Area of Larnaca District. PERIURBAN was a regional initiative project, of medium level cooperation intensity, which uses interregional exchange of experiences to improve policies on management of natural suburban areas. PERIURBAN focuses specifically on policy and management solutions to mitigate pressures on biodiversity. The creation and management of parks in natural suburban areas has a positive impact on the environment and on halting biodiversity loss. Focus on such initiatives is in line with European environment policy and redevelopment in suburban areas
15. **EPAN II: Operational Programme, Public Investments, Structural Funds Regulations 2007-2013**, "Competitiveness & Entrepreneurship", Programme of General Secretary of Ministry of Environment concerning the Volunteering.
16. **'GAD — 'The fortune of Garden Art Design Contemporary Avant-garde' within Programme Culture 2007-2013', CULTURE 2007-2013** with the participation of Zografou (Athens) Municipal Enterprise of Development (leader)-EL, Gerencia de Urbanismo de Sevilla-ES, Tallinn City Government-ET, Municipality of Florence-IT. (2008- 2010). Project financed from the European Commission. Local Co-ordinators for the City of Zografou and project management. The aim of the project was to draw the guidelines for installing art in the urban green spaces and to promote the collaboration between the artists, architects and landscape architects.
17. **'GreenLink — 'Espaces verts périurbains', 'Programme Interreg IIIB Medocc', project** with the participation of Florence Municipality -IT (Leader), Sevilla Municipality -ES, Municipality of Zografou-Athens-EL, Toscana Regeon-IT, Piemonte Region-IT, Lazio Region-IT, Emilia Romagna Region-IT, Sardegna Region-IT, Vila Real Santo Antonio-PT and Tanger- Tétouan- Morocco (2006-2008). Project financed from the European Commission. Local Co-ordinators for the City of Zografou and project management. The project results: 1. development of a pilot action for the enhancement of suburban areas in coastal cities; 2. defi nition of a regulatory framework and of a common inter-metropolitan local

development model; 3. publication of the GREENLINK strategies kit, including a whole set of best practices for the setting up and management public green areas.

18. **SURPRISE — ‘Sustainable Urban Regeneration Programmes in Southern Europe’ within Programme PROGRESDEC / ESDP-STEPS , INTERREG IIIC’, project** The project’s overall objective is to define innovative guidelines for urban regeneration policy design with the participation of Municipality of Torino-IT, Municipality of Madrid-ES, Municipality of Agios Pavlos, Thessaloniki-EL, Municipality of Catania-IT, Municipality of Messina-IT. (<http://www.surprise-esdp.eu>) (2006-2007). Local Co-ordinators for the City of Agios Pavlos – Thessaloniki and project management.
19. **‘ECOSLOPES— ‘Eco-engineering and Conservation of Slopes for Long-term Protection from Erosion, Landslides and Storms’ within Programme FP5 (Framework Programme 5),** with participation of Universita Degli Studi Del Molise - Facolta di Scienze Mm.Ff.Nn- IT, Cemagref, Centre National- DU, Machinisme Agricole-DU, Genie Rural, Des Eaux Et Des Forets - FR, Cirad-Fr, Institut National de La Recherche Agronomique-FR, Consejo Superior De Investigaciones Cientificas-ES, The Nottingham Trent University-GB, Forestry Commission Research Agency ('Forest Research')-GB, Universiteit Van Amsterdam - Ibed-Fysische Geografie En Bodemkunde,- NL, National Agricultural Research Foundation-GR, Geosturctural Composites Limited- GB, (2004-2007). Project financed from the European Commission. Collaboration with the Leader as End User Committee through Egnatia Odos having the experience in Eco-Engineering and Soil Erosion. The final part of the project was the development of a ‘Slopes Decision Support System’ which is a tool to assist eco-engineers in managing vegetation on vulnerable slopes to minimise soil loss.
20. **‘Reclamation of Mediterranean Ecosystems affected by wildfires’within Programme ENVIRONMENT RTD (REMCOS) project.** EC Program with co-operation with Alicate Institute CEAM (lead institution in more than 50 EC research projects) of Valencia in Spain. (1996-98). Project financed from the European Commission. Collaboration in the first stage of the work.
21. **Programme Natura 2000 — ‘ Inventory, Identification, Evaluation and Mapping of the Flora and Fauna species in Greece’ within LIFE I: 1992-1995, LIFE94 NAT/GR/001201,** EC program Goulandris Natural History Museum, Greek Biotope Wetland Centrein co- operation with Ministry of Environment planning and Public Works, Aristotle University of Thessaloniki. The 2nd national report on the implementation of the Habitats Directive (Directive 92/43/EEC) in Greece (reporting period: 01 May 1994 to 31 Oct -1995) consists of two parts. The national reports of all member states will be used by the European Commission (with the contribution of the European Environment Agency and of the European Topic Centre on Biological Diversity) for the preparation of a single composite report at biogeographical level link:<http://cdr.eionet.europa.eu/gr/eu/art17>.Project financed from the European Commission. Collaboration in the evaluation and mapping stage of the work.

2. Non EU National and International Research Programmes

1. **Planning and design the cultural walking routes of Olympus Mount** (2.01.18 to 1.12 19) within the "Natural Environment & Innovative Actions" Financial Program by Green Funds in the measure "Innovative Actions with the Citizens" as Project Coordinator of Prasini Kivotos NGO.
2. **Planning the Protection of Egaliaio Mount** (2.01.18 to 1.12 19) within the "Natural Environment & Innovative Actions" Financial Program by Green Funds in the measure "Innovative Actions with the Citizens" as Project Coordinator of PESIDAP (ΠΕΣΥΔΑΠ).
3. **"Green Routes in adjacent Municipalities of Attica"** (1.10.17 to 6.10 18) within the "Natural Environment & Innovative Actions" Financial Program by Green Funds in the measure "Innovative Actions with the Citizens" as Project Coordinator with KEAN.
4. **Landscape Design of Archaeological Museum of Pafos (2014)**, Organisation of PAFOS 2017 European Capital of Culture and Neapolis University of Pafos
5. Register Evaluators of the Program "**Green Roofs in Public Buildings** " of Centre for Renewable Energy Sources –**CRES (Α.Π. 45/02.03.2012)**.
6. **Landscape design of Delta Nestos site**, Aristotle University of Thessaloniki, Forestry Department, Project Coordinator (2009-10)
7. **Configuration of Exterior Space of building of Prefecture Kavala**, Dept. Landscape Architecture, , Technological Educational Institute of Drama and Drama Prefecture Project Coordinator(2008)
8. **Upgrade of Foreheads of Building of Prefecture Kavala and his Connection with Environment of this of Space**. The financing of Program has become from the Prefecture Kavala, Dept. Landscape Architecture, Technological Educational Institute of Drama and Drama Prefecture. Project Coordinator. (2008)
9. Design Scholl Gardens for Environmental and Cultural Purpose, Department of Environment, Aegean University. Participation as researcher. (2005)
10. **Environmental, Financing and Socio-economic Evaluation of Connection Industrial Zone of Thisbi of Viotia Prefecture to Inofita**, and Region of Almiros Magnesia with the Railway National Network, Department of Engineers of Economy and Administration, Aegean University (2005) Participation as researcher.
11. **Landscape Design of the Garden of National Hospital of Drama** from Drama Municipality (2000) Technological Educational Institute of Kavala (Presently The International Hellenic University -IHU). Participation as researcher and designer.
12. **Landscape Design and Planting Plan for Egnatia Road**, EGNATIA ODOS S.A. (2000). Participation as supervisor.
13. **Choice of Landscape Design for Restoration of Egnatia Road by EGNATIAODOS S.A.** (1999). Participation as supervisor.
14. **Planning of Landscape Analysis and Design of Eco touristic Development of River Ecosystem of Nestos Delta**, Aristotle University of Thessaloniki and Prefecture of Kavala (1999). Participation as researcher and designer.
15. **Restoration of riverside town and its open spaces. Mylopotamos-Drama**. Technological Educational Institute of Drama (Presently The International Hellenic University -IHU) and Drama Prefecture (1998-99). Participation as researcher and designer.
16. **Improvement and Restoration of a peri-Urban Park Monastirakion in Drama**, Technological Educational Institute of Kavala (Presently The International Hellenic University -IHU) and Drama Prefecture (1999). Participation as researcher and designer.
17. **Restoration of a peri urban Park named Paparantza of Kardista**, Technological Educational Institute of Kardista (Presently Thessaly University) and Municipality of Kardista (1998). Participation as researcher and designer.
18. **Design Archaeological Park in Amphipolis, Archaeological Museum of Kavala and Technological Educational Institute of Kavala** (1995) (Presently The International Hellenic University -IHU) Participation as researcher and designer.
19. **Landscape Analysis, Flora and Fauna of Montenegro Mountain** aiming at Eco touristic Development, Aristotle University of Thessaloniki (1994-6). Participation as researcher and designer.

<p>3. Main design and projects</p>	<ol style="list-style-type: none"> 1. Landscape Design of Chalki Patriarch Garden in Istanbul (2012-14) in direct contact with and on behalf of the Ecumenical Patriarch of Constantinople. Additional information can be found at Newspapers as: <ol style="list-style-type: none"> a. Kathimerini: https://www.kathimerini.gr/782381/article/epikairothta/ellada/o-khpos-ths-agias-grafhs, https://www.kathimerini.gr/500974/article/politismos/arxeio-politismoy/enas-vyzantinos-khpos-agkaliazei-kai-pali-th-xalkh. b.
