About **Creative Director** of The Visual Agency and **Professor** at Politecnico di Milano.

With over 10 years of professional experience working on national and international projects he has extensive expertise in the fields of communication and information design, ranging from data and knowledge visualisation to motion graphics and the design of cutting-edge digital experiences. His multidisciplinary background in visual, multimedia and information design enable him to push the creative boundaries of complex communication projects of the public and private sector. Many projects created under his lead have won international prizes and awards. Since 2015 he holds the position of adjunct professor at the Politecnico di Milano, lecturer at the Istituto Europeo del Design, and teaching advanced information design to international students and professionals in training courses and masters.
