

CURRICULUM VITAE

Giulia Pesaro

Giulia Pesaro
Italian
giulia.pesaro@polimi.it

Professional profile:

Senior Independent Researcher, University Professor, and Senior Consultant.

Economist and PhD in Public Policies and Territorial Planning

Founder and Senior Partner of Cooperate Srl since 2004

Senior Researcher and Professor at Politecnico di Milano since 2000

Professor at Università degli studi dell'Insubria since 2012

Project Manager of the EU funded project CHEERS "Cultural HERitagE. Risks and Securing activities" (Interreg ALPINE SPACE 2018-2021) on behalf of Fondazione Lombardia per l'Ambiente

Founder and member of the board of the association RESilienceLAB since 2014

Member of the Scientific and Operational Committee of the "Osservatorio delle Pratiche di Resilienza" (Observatory for Resilience Practices) of Fondazione Cariplo 2015-2017

Member of the scientific associations AISRE and ERSa since 2002

External Expert for the evaluation of COST European Funded Projects since 2018

Designer and coordinator of research and operational projects at local, national and international level for public and private bodies. The main target fields are the promotion of resilience and sustainable development of territorial systems and the prevention and mitigation of risk and damage due to natural hazards impacts. Great attention is also paid to green economy and the whole of the so-called new economies based on sharing and collaborative approaches. Other thematic issues are related to the sustainability, smartness and resilience of local territorial systems, with particular attention to the protection and valorisation of public goods like the cultural heritage, cultural landscape and natural environment. Great attention is also paid to territorial and economic analysis of urban and rural systems and the related resources, in order to develop evaluation methodologies and tools, policies and strategic projects for a more balanced, sustainable and resilient territorial development.

Consultant in strategic planning, projects design and implementation, analysis of case studies, development of best practices and action tools, communication and knowledge diffusion, innovative tools for policy makers, stakeholders and communities active involvement in enhancing and facilitating decision-making processes. The main fields of activity are sustainable development, protection and valorisation the cultural heritage and the natural environment, the economic resilience of territorial systems, damage prevention and mitigation and tools for disaster risk reduction, natural hazards and climate change sectors. Other activities concerned, over time: territorial systems analysis and resource assessment, practices and tools for sustainable governance and management of cultural heritage, landscape and natural environment, practices and tools for supporting decision making at the local and regional level, sustainable development practices in urban and rural areas. The territorial scale is mainly from local to regional level, the toolbox mainly relates to economic based, strategic planning, knowledge building, communication and diffusion.

University and Post-Graduate Professor at national and international level: I and II level Masters, PhD courses, other postgraduate high-level specialization courses and workshops. Courses main themes: methodologies and tools for territorial analysis, the economic approach to natural hazard damage prevention and mitigation, resilience theory and practice, industrial economics, macroeconomics, environmental and economic assessment of urban and architecture projects and plans, environmental economics, new economies, sustainable development theory and practice, strategic planning for the protection and valorisation of the cultural heritage.

Adjunct professor since 2002, the current university courses are:

- Politecnico di Milano, Master of Science in Management of the Built Environment, course “**Methods and tools for analysis of urban and territorial systems**” (in English) since 2014 and Master of Science in Building Architecture, course **Planning for environmental risk management** (in English) since 2018
- Università degli Studi dell’Insubria, First University Degree in Economy and Management, courses “**Macroeconomics**” and “**Industrial Economics**” since 2014
- University of Geneva, CERG-C (Certificat de spécialisation en évaluation et management des Risques Géologiques et risques liés au climat / Specialization certificate for the assessment and management of geological and climate related risk) since 2019, lessons about “**The economic approach to disaster risk reduction, economic tools for the assessment of damages and losses, Cost-Benefit Analysis for assessing mitigation measures**”

Senior Research Fellow and Work Packages Coordinator in European Projects since 2003 in programs INTERREG IIB, IVB and 2018_2021 Alpine Space, Horizon 2020, DG ECHO, ERASMUS+ , FP7

Director of a range of projects at regional, national and European level and on behalf of both public and private institutions: Italian Ministry of the Environment; Italian Ministry for Cultural Heritage and Tourism (Lombardy Region Museums Pole); CNEL; ENEA; Lombardy Region; Veneto Region; Emilia Romagna Regional Environmental Agency (ARPA); Lombardy Foundation for the Environment; Friends of the Earth Italy; IReR Lombardia; EUPOLIS; IRS Institute; Fondazione Cariplo; Fondazione Politecnico; DASTU Politecnico di Milano; Italian Provinces; Italian Mountain Communities; Italian and European Municipalities; Italian and French industrial associations and firms; NGOs

Scientific and operational coordinator of workshops and conferences at national and EU level.

Experience in the design of e-learning tools and courses: architecture, selection of the contents, design of specific documents and learning activities for e-learning sites.

Experience in the design of videos and other multimedia products for: communication and diffusion of sustainable development and resilience practices; institutional communication for the protection and valorisation of cultural heritage, landscape and natural environment and for better promoting the values of resilience enhancement of local communities and their environments.

Experience in the design and leading of tools for promoting and improving stakeholder participation and active involvement in policy design and decision-making, like living labs, workshops, storytelling, role games, etc.

Major international projects:

* European Commission **Interreg ALPINE SPACE 2018-2021 “CHEERS – Cultural HERitage. Risks and Securing activities”** – Project Manager on behalf of Fondazione Lombardia per l’Ambiente. 2018-2021

* European Commission **ERASMUS+ “CARE – Enhancing Urban Resilience”** – Senior Researcher. 2017-2018

* European Commission **Horizon 2020 “EDUCEN – European Disasters in Urban centers: a Culture Expert Network”** – Senior Consultant for the concept and production of a handbook and a video for the dissemination of the results of the project. 2017

* European Commission **DG ECHO “IDEA – Improving Damage assessments to Enhance cost-benefit Analysis”** – Senior Researcher and Coordinator of the research section “Cost benefit Analysis in Disaster Risk Reduction”. 2015-2016

* European Commission **FP7 “KNOW-4-DDR – Enabling knowledge for disaster risk reduction in integration to climate change adaptation”** – Senior Researcher. 2013-2014

* European Commission **FP7 “ENSURE – Enhancing resilience of communities and territories facing natural and na-tech hazards”**. Senior Researcher and Coordinator of the research activity e-learning platform and other dissemination tools. 2008-2011

- * European Commission **Interreg IVB Alpine Space “CAPACities - Competitiveness Actions and Policies for Alpine Cities”** – Senior Researcher and Coordinator of the reports for the projects sections “Analysis of the cultural heritage and the territorial resources + SWOT analysis” and “Pilot actions in Lombardy Region”. 2009-2011
- * European Commission **Interreg IIIB Alpine Space “CulturALP - Knowledge and Enhancement of Historical Centres and Cultural Landscape”** – Senior Researcher active in the whole project’s activities, Coordinator of the WP1 “Survey on Alpine Heritage” and responsible for “SWOT analysis” and “Pilot actions in Lombardy Region”. 2003-2005

Major national projects:

- * **Ministero dei Beni Culturali - Polo Museale della Lombardia “Progetto MUSST#2 – Patrimonio culturale e progetti di sviluppo locale”** – Scientific and Operational Coordinator of the work for the Lombardy Region territorial area: territorial analysis at the regional level; analysis of the regional museums system; criteria for the selection of a pilot area where to develop a project for the valorisation of the regional museum system and the related cultural heritage. 2018-2019
- * **DICA Politecnico di Milano “Flood IMPAT+ An Integrated Meso & Micro Scale Procedure to Assess Territorial Flood Risk” (funded by Cariplo Foundation)** – Senior researcher and Coordinator of the section “Cost Benefit Analysis to enhance decision making for the selection of disaster mitigation measures”. 2017-2019
- * **Fondazione Cariplo and DASTU Politecnico di Milano “Osservatorio sulle pratiche di resilienza” (Resilience Practices Observatory)** – Senior Researcher and Member of the Scientific and Operational Committees. 2015-2018
- * **Eupolis, for Lombardy Region DG “Ambiente, Energia e Sviluppo Sostenibile – Struttura Paesaggio” (Environment, Energy and Sustainable Development – Landscape Unit). Update of the Regional Landscape Plan of the Lombardy Region** – Senior consultant and Coordinator of the activities for strategic planning and the concept for the update strategy. 2013-2015
- * **Fondazione Politecnico “Feasibility studies for the implementation of the Cremona Province Cultural District and the Seriana Valley Cultural District”**. Senior Researcher and Operational Coordinator. 2007-2010
- * **Comunità Montana della Valle Camonica “Feasibility study for the implementation of the Valle Camonica Cultural District”**. Senior researcher. 2008-2009

Education, learning and languages

Education: **PhD in Planning and Territorial Public Policies** - Istituto Universitario di Architettura di Venezia, Venice (1998)
Degree in Economics, Specialisation in Industrial and Labour Economics - Università Luigi Bocconi, Milan (1990)

Advanced learning courses **Summer School in Economic Theory directed by Kenneth J. Arrow. 12th edition: Environmental & Resource Economics** - The Hebrew University of Jerusalem, Institute for Advanced Studies, Jerusalem (2001)
Advanced Study Course of the European Union “Goals and Instruments for courses the Achievement of Global Warming Mitigation in Europe” - Technical University Berlin, UMB (Environmental Management Consultancy), Berlin (1997)
Visiting at Ecole des Mines de Paris, Cerna (Industrial Economics Center), Paris (1996-1997)

Previous professional positions

UNIVERSITÀ DEGLI STUDI ROMA TRE – Rome

2014-2018

Professor in the II level Master in “Management-Promozione-Innovazioni Tecnologiche nella Gestione dei Beni Culturali” (Management-Promotion-Technology Innovation in Cultural Heritage Management), from the first edition 2014-2015 till 2018. Lessons about “Economic approaches for enhancing the protection and valorisation of the cultural heritage, Enhancement and diffusion of cultural integrated systems, Project design, operational functioning and management of cultural districts”.

CESTAS (NGO) AND UNIVERSITY ALMA MATER STUDIORUM Bologna

2002-2012

Professor and coordinator of the learning module Strategic Planning for Local Sustainable Development in the second level International Master “Social Policies and Strategic Management for the sustainable development of urban and rural territories”, dedicated to students from developing countries (10th edition in 2012 – in English the first three years).

FONDAZIONE POLITECNICO – Milan

2007-2010

Consultant in the field of policies and tools for the protection and valorization of cultural heritage, with particular attention to cultural districts design and activities and tools to enhance restoration activities

FRIENDS OF THE EARTH – Lombardy Region section (ONG in the natural environment field)

2000-2004

Research Scientific Coordinator and Director in the fields of policies and tools for enhancing sustainable development; economic and environmental assessment of territorial systems; assessment of socio-economic impacts of pollution; policies and tools for the valorisation of alpine areas; tools for the protection and valorisation of protected green areas; sustainable tourism.

IRS ISTITUTO PER LA RICERCA SOCIALE MILANO - Milano

1998-2000

Senior Research Fellow in the fields of: policies and tools for sustainable development; organizational models and analysis of roles and functions in public institutions with particular attention to organizational models for continuous professional training and adults education

IEFE (Institute for Energy and Environmental research) - LUIGI BOCCONI COMMERCIAL UNIVERSITY - Milano

Research Director from 1997 to 2000

Senior Research Fellow from 1994 to 1996

Junior Research Fellow from 1991 to 1993

Main research fields: environmental economy and policy, policies and tools for sustainable development, economic instruments for environmental protection policies of public institutions and firms, sustainable use of natural resources, organization and strategies for water public utilities.

Invited speaker in international and national conferences and workshops

“Imprese resilienti: un approccio alla prevenzione e all’adattamento del sistema delle imprese nazionali”, Workshop nazionale Mettiamoci in riga, Visita studio per le Regioni Liguria, Piemonte, Sardegna e Valle d’Aosta Buone pratiche per il “Clima”: KNOW-4-DRR, BLUE AP, GAIA, Milano e Bologna, 22-23 Luglio 2019

“CHEERS Cultural HERitagE: Risks and Securing activities”, International conference Managing the Protection of Cultural Heritage in Changing Environment, Municipal House, Prague (CZ), June 27th 2019

“Strumenti e metodi per la valutazione dell’esposizione e della vulnerabilità delle imprese ai rischi naturali per ridurre i danni diretti e indiretti”, Seminario “La resilienza territoriale delle imprese tra rischi naturali e cambiamenti climatici” organizzato nell’ambito del Festival dello Sviluppo Sostenibile 2019, Politecnico di Milano, 4 giugno 2019

“Economic vulnerability in disasters: lessons learnt from the field”, 1st IAVCEI/GVM (International Association of Volcanology and Chemistry of the Earth's Interior/Global Volcano Model Network) International Workshop *From Volcanic hazard to risk assessment*, Geneva, June 27-28 2018

“Knowledge Based Strategies for Disaster Risk Reduction. A Knowledge Management Framework to Increase Understanding and Awareness of the Value of Prevention and Preparedness”, International Workshop *Risk Governance: Decision Making Processes for Disaster Risk Reduction*, Politecnico di Milano, Milan, October 30, 2017

Technical workshop *Cambiamenti climatici e resilienza urbana*, Città Metropolitana di Milan, Palazzo Isinbardi, October 11, 2017

Round Table *Unire le forze per l'adattamento ai cambiamenti climatici*, Anci, Milan, June 5, 2017

“Cost benefit analysis: examples of applications to the Umbria Region case”, International Workshop *Using post-disaster damage data to enhance our capacity to recover and learn lessons together*, Politecnico di Milano, Milan, November 28-29 2016

“La resilienza per le Reti di Economia Solidale lombarde” (What Is Resilience for the Lombardy Region Ethical Economic Network), *NOW Festival del Futuro Sostenibile*, Villa Erba, Cernobbio (CO), 6-8 Maggio 2016

“Il ruolo dei privati e la finanza per la resilienza” (The role of Private Subjects and the Finance for Resilience), *Resiliente. Un’agenda di governo per l’adattamento al cambiamento climatico*, Ferrara, February 29-20 2016

“New Economies”, *New Generation Event Third Edition*, Genoa, Museo di Sant’Agostino, November 27-28 2015

“A suggested knowledge management framework for the KNOW-4-DRR project” Conference *Knowledge management for improving DRR/CAA: state of the art, findings and steps forward*, Université de Savoie-Mont-Blanc, Chambéry (F), May 26-27 2015

“Economic impacts of earthquakes and other natural hazards”, Workshop *Environmental Risks: Linking Analytical Models to Prevention Decisions and Operational Practice in the Field*, Politecnico di Milano, Milan, February 23 2015

“Gli eventi globali, occasione di cambiamento e sviluppo per la città vivibile” (Global events as potentials of change and development for the livable city), BEyond 2015 - Think BEyond: visions from Milan, October 2 2014

“The NEXUS services from a territorial perspective: interactions and trade offs”, International Workshop *Periurban areas and Food-Energy-Water Nexus*, Politecnico di Milano, Milan, March 28-29, 2014

“Il ruolo degli spazi aperti periurbani come scrigni di valore per lo sviluppo sostenibile e il rafforzamento della resilienza urbana” (The role of periurban open spaces as value treasures for sustainable development and the enhancement of urban resilience), invited speaker, Workshop *Resilienza urbana e fragilità delle aree rurali e periurbane*, Politecnico di Milano, Milan, January 14 2014

“The contribution of economic and public-private cooperation instruments to the prevention and mitigation of natural hazards”, invited speaker, International Workshop *Cities at Risk: Understanding, Perceiving and Responding*, Lecco November 8th and Milan November 9th 9 2012

"Cost benefit analysis of mitigation measures aimed at improving crisis management performance", invited speaker, International Workshop *Crises & disasters from preparedness to management and back*, Politecnico di Milano, Polo Territoriale di Lecco, June 5th 2012

“Sperimentare percorsi di sviluppo locale nelle aree alpine: risultati delle esperienze pilota della Regione Lombardia nell’ambito del progetto europeo CAPACities” (Experimenting local development paths in alpine regions: results of pilot projects of Lombardy Region in the European project CAPACities), Workshop IRES-AISRE *Risorsa o rischio? Il contributo delle terre alte allo sviluppo regionale*, Turin, April 13th 2012

“The economic costs of being prepared versus the costs of not being prepared”, Workshop *From experience to Resilience*, Politecnico di Milano, Polo di Lecco, Lecco, May 6, 2011

“Il Distretto Culturale della Valle Seriana” (The Cultural District of the Seriana Valley), with Carlini F., Moioli R., Conference *Il Distretto Culturale della Valle Seriana. La valorizzazione della storia dei luoghi e delle risorse*, Albino (BG), March 14th 2009

“Il ruolo di un museo per la città” (The role of a museum for a town), Conference *Un museo per la città. Il nuovo ruolo del museo della Società Studi Patri per Gallarate*, Gallarate (VA), March 7th 2009

“CreArTE – Il Distretto Culturale della Provincia di Cremona” (Cre.Ar.T.E, the Cultural District of the Cremona Province), with Treu M.C., Conference *I luoghi della memoria per la valorizzazione del territorio*, Cremona, January 30th 2009

“Il Distretto Culturale come strumento di organizzazione e gestione dei beni culturali”, Convegno *CreArTE – Il distretto culturale evoluto della Provincia di Cremona*, Assessorato alla Cultura della Provincia di Cremona, Cremona, May 16, 2008

“Strumenti di conoscenza e interpretazione del paesaggio alpino. Il paesaggio della Valle Camonica come territorio dello spazio alpino: letture, interpretazioni e strumenti di intervento” (Tools for the knowledge and interpretation of alpine landscape: readings, interpretations and intervention tools), Conference *Il paesaggio e la valutazione ambientale strategica nella pianificazione del territorio comunale*, Darfo Boario Terme (BS), April 18th 2008

“Conoscenza e valorizzazione dei centri storici nel territorio alpino: l’esperienza del progetto europeo CulturALP”(Knowledge and valorization of historical centers in the alpine area: the experience of the European project CulturALP), International Conference *Conferenza internazionale Valorizzazione dei beni pubblici e sostenibilità degli interventi*, Mantova, May 25th -26th 2006

“Linee guida per il calcolo dei costi esterni della mobilità in ambito urbano”, Conference *X Expert Panel Meeting Trasporti su strada*, Stazione Sperimentale per i Combustibili San Donato Milanese, June 21, 2005

“Cultural heritage knowledge enhancement tools -La metodologia SWOT in CulturALP”, Conference *ESPONiamo*, Regione Lombardia DG Territorio, Milan, May 11, 2005

“Il turismo sostenibile in Lombardia: concetti e indicatori per la valutazione della sostenibilità”, (Sustainable Tourism in Lombardy: Concepts and Indicators for Evaluating Sustainability), Conference *Il turismo sostenibile in Lombardia*, Associazione Amici della Terra, Milan, May 2002

“Regulation of several market failures: water planning in Italy”, with Massarutto A., *International Conference Services Publics délégués et marchés de l'eau en Europe*, Toulouse (F), February 1st – 2nd 1996
